ANNEXURE B

OROIT SERVICES

A. INTERNET PAYMENT GATEWAY

OroIT provides Internet Payment Gateway Services, offering electronic payment processing and collections for merchants. The services automate payment acceptance through credit cards, debit cards, etc., enhancing merchant services and ensuring security and convenience for customers.

1. Payment Solution Ownership:

- OroIT owns and developed its Internet Payment Services, allowing merchants to automate payment acceptance over the Internet.

2. Software Solutions:

- OroIT offers software solutions for payment collection and payables, enhancing the overall payment infrastructure for merchants.

3. Transparent Pricing:

- Merchants are charged a transparent package fee, including software-related charges, payment processing fees, platform charges, email costs, SMS costs, etc.

4. Business Arrangements:

- OroIT has partnerships with banks, financial institutions, and other entities, including Payment Gateway Providers like Visa, MasterCard, American Express, etc.
- Payment Service Provider: OroIT, along with Payment Gateway Providers, collectively acts as the Payment Service Provider/s.

Key Points:

- Facilities Availment: Merchants approach OroIT to avail Payment Gateway Facilities for customer payments via credit and debit cards.
- Installation and Acceptance: After the Effective Date, OroIT notifies the Merchant about the installation of Internet Payment Services, and upon completion, the Merchant is deemed to have accepted the services.
- Security Measures: Both parties commit to ensuring proper encryption and security measures to prevent any unauthorized access to cardholder information within the Payment Gateway network.

Authentication and Authorization of Transaction:

- The Merchant acknowledges that the acquiring Bank will authenticate, authorize, and process payment instructions through the OroIT Platform, transferring approved transaction amounts from Customer Valid Payment Instruments to the Nodal Bank Account based on criteria set by Issuing Banks and Card Associations.
- The Merchant understands that Partner Banks, Payment Service Providers, and Card Associations may reject customer transaction authorizations for various reasons, including risk management, suspicion of fraud, illegal transactions, prohibited items, compromised Valid Cards, or compliance with regulatory rules and guidelines.
- The Merchant acknowledges that OroIT, Payment Service Providers, and Partner Banks reserve the right to limit or restrict transaction size, amount, and monthly volume. Such limitations may be imposed for reasons like restricting purchases on individual Valid Cards, rejecting payments from customers with a history of questionable charges, or implementing security measures such as blocking specific card numbers, accounts, IP addresses, or geographic locations.

3. Payments To Merchant:

- OroIT can rely on electronic communications through the Processing Mechanism without further verification, in compliance with applicable laws and RBI guidelines. The Merchant cannot dispute such reliance. However, if security measures are in place, OroIT is not obligated to act on communications not using these measures.
- OroIT is authorized to debit the Merchant account for: Chargeback of Transactions; Penalties or charges imposed by card organisations, clearing houses (e.g., RBI or its local clearing agent), partner banks, or Online Wallet issuing authorities due to excessive Chargebacks, transaction failures, customer disputes, or other reasons.

4. Settlement Of Payments:

- Customer payments for transactions under this Agreement are directly deposited into the Nodal Current Account in accordance with RBI guidelines.
- The funds deposited in the Nodal Current Account are transferred to the Merchant account within the Settlement Time, minus Platform Fees and agreed-upon charges, as specified in the Agreement.

5. Chargebacks:

- The Bank may issue a Chargeback to the Merchant under various conditions, such as non-compliance with the Agreement, lack of transaction authorization, incorrect transaction records, non-performance by the Cardholder, or failure to provide promised services.
- OroIT promptly informs the Merchant of any chargeback upon receiving notification from the Bank or relevant authorities. The Merchant agrees to provide supporting documents for a customer chargeback, including proof of service delivery, within seven (7) days of intimation from OroIT or the timeline set by the Bank/authorities, whichever is earlier.

- Failure to submit supporting documents within the prescribed timeline results in debiting the corresponding amount from the Merchant account, and no claims will be entertained.
- The Merchant may need to share information directly with the Bank if required.
- If the Chargeback percentage exceeds the threshold for any business line, applicable handling fees or fines may be revised, subject to changes in the chargeback percentage threshold reported by Card Associations or Partner Banks.

6. Fraudulent Transactions:

- If a transaction is suspected of breaching the Agreement or being fraudulent, the Payment Service Provider(s) can suspend payments to the Merchant, pending investigation by the partner bank. OroIT may also block future payments, but the Merchant is not obligated to indemnify if caused by negligence from OroIT, Partner Bank, or any third party.
- Payments held due to chargebacks or fraud alerts are subject to resolution timelines. The Merchant must provide evidence within seven (7) working days. If resolved, the held amount is released; otherwise, it may be debited from future pay-outs.
 - Chargeback/Fraudulent alert: The Merchant contests chargebacks with evidence; OroIT does not hold/debit amounts until seven (7) business days after notice from the Issuer/Partner Bank.
 - Alert/Notification from authorities: If authorities direct a debit freeze, OroIT freezes the account, notifying the Merchant. The Merchant must seek approval for the removal of the debit-freeze.
 - Merchant use of services for Prohibited Activities: If involved in prohibited activities, OroIT reserves the right to block/debit-freeze pay-outs. The Merchant must provide evidence within eight (8) days. If disputes are resolved, funds are released; otherwise, OroIT may hold or claim additional penalties, debiting unsettled funds if penalties are unpaid. OroIT can take legal action for Flagged Transactions.

7. Reserve Funds:

- Upon expiry or termination of the Agreement, OroIT can adjust/set off amounts from the Bank Guarantee/Security Deposit or Merchant payable amounts to resolve Chargeback issues related to transactions under the Agreement.
- Adjusted/set-off amounts may be withheld for the period allowed for Customers to initiate a Chargeback, as per Visa/MasterCard guidelines and Payment Service Providers guidelines, currently set at 210 calendar days.
- The Merchant agrees to provide Reserve Funds as requested by OroIT to secure performance under the Agreement. Failure to do so within five (5) days of notice may result in the suspension or termination of Settlement Amounts without further notice.
- OroIT can use Reserve Funds to set off outstanding amounts owed by the Merchant to OroIT, Partner Banks, Payment Service Providers, or Customers. If Settlement Amounts and/or Reserve Funds are insufficient to cover outstanding amounts, the

Merchant must pay the remaining balance immediately upon request. OroIT can charge daily interest at 1.5% per month on the outstanding amount. This right to appropriate Reserve Funds and set-off is in addition to OroIT right to recover losses through other means available under the law. The Merchant is responsible for all costs and expenses, including attorneys fees, incurred by or on behalf of OroIT in connection with the outstanding amount and its collection.

8. Processing Mechanism Aspects:

- OroIT may perform Maintenance Services on its services and processing mechanism. During such maintenance, OroIT strives to ensure operational continuity, and if services are temporarily unavailable, OroIT notifies the Merchant with adequate notice to minimize disruption.
- OroIT can use necessary hardware, software, or equipment to enhance transaction security. The Merchant agrees to comply with OroIT directions and modify/upgrade its systems to meet current standards. OroIT may modify the Processing Mechanism accordingly.

B. OROIT WIRE ACCOUNT SERVICES

API Solution Payments:

- OroIT disburses funds to Beneficiaries as mutually agreed.
- The Merchant must maintain sufficient funds in the designated bank account or provide funds to Wire Account for payment obligations. OroIT is not liable for dishonoured cheques due to insufficient funds.
- The Merchant must adhere to authentication technologies and security measures when providing Payment Instructions to OroIT.
- Payment Instructions must be sent in the specified manner. Any changes require a seven (7) Business Days notice and written confirmation from OroIT.
- At OroIT request, the Merchant must confirm Payment Instructions, and OroIT record is considered proof. The Merchant agrees not to send virus-containing Payment Instructions.
- The Merchant must confirm and ratify its Payment Instructions, and actions taken by OroIT as required.
- OroIT sends or delivers instruments to Beneficiaries based on Merchant instructions, and it is discharged of obligations upon posting or dispatch. OroIT is not liable for delays due to events beyond its control.
- Payment Instructions are processed on working Business Days during normal Business hours and must be authenticated according to internal guidelines.
- If funds are not available, OroIT informs the Merchant. If not remedied within two (2) days, OroIT may dishonoured cheques at the Merchant sole risk.
- OroIT may block the Merchant Account, upon Partner Bank or regulatory authority instruction, in case of Wire Account services related to active investigations.
- OroIT can block the Merchant account and impose additional penalties if the Merchant uses OroIT Services for Prohibited Activities.
- The Merchant indemnifies OroIT for costs and damages resulting from the Merchant misuse of Wire Account services.
